ABOUT US

3V Technix Pvt. Ltd. is a Vishal Vyapar Vikash group company which was founded in the year 1989 and is known as a legendary solution provider of Test & Measuring Instruments and Technology training equipment for Science, Electronic-Communication, Electrical, Civil, Mechanical and Instrumentation Engineering. We closely work with Research, Defence, Industries, Airport Authorities in the region.

Company has offices in Kolkata and Guwahati and a development centre at Indore. We also offer system integration services and turnkey solution. Our core competency includes Test & Measurement products, Lab Solutions, Disaster Management and research grade products.

2021

Engineering Education & Research Products

We are pioneers in the area of providing complete lab solutions which include the following products :

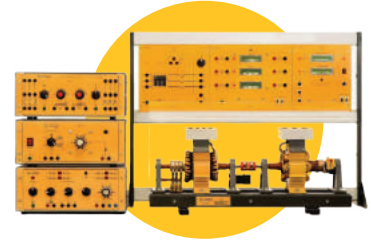

Test & Measurement

- Electronic & Electrical Signal Source and Measuring Equipment
- Wireless, RF & Radar Signal Analysis and measurement equipment
- Optical Signal Sources and Analysers
- Test Benches and many more

Electronics Lab Solutions

- Internet Of Things Lab & Equipment (IoT)
- 5G Research & Testbed
- Electronic System Design and Incubation Centre
- Turnkey Lab Solutions and many more

Electrical Lab Solutions

- Electrical Machines Lab
- Power Electronics & Drives
- Power System & Smart Grid
- Renewable Energy and many more

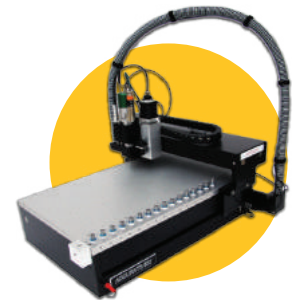

Mechanical Lab Solutions

- Workshop equipment and Trunkey solution
- Heat Transfer & Thermodynamics
- Fluid Mechanics
- Automobile Lab and many more

Civil Lab Solutions

- Concrete Testing Lab
- Geotechnical Engineering Lab
- Transportation Lab
- Environmental Engineering Lab and many more

Project Lab

- Circuit Simulation and PCB Design Software Suits
- Prototype PCB Machines
- PTH and Multilayer system and many more

Sample Preparation

Sample preparation at microscale is the key for smooth Axis Pro is a micromanipulation system that fuses an efficient light microscope with very accurate manipulation tools. The system was designed as anyone can operate tiny samples for various analyses smoothly. For example, the system can pick up a few- μ size sample in a few minutes.

Our Other Products

Defence and Police Wireless

- Test & Measurement Products
- Telecomm Equipments
- Telecom & Wireless Training products
- Thermal Imagers and many more

Airport Signalling

- Radio Communication Test Sets
- Maintenance Equipment
- Testbeds Equipment : Electronic and Electrical and many more

Disaster Management

- Thermal Imaging Equipment
- Through Wall Radar
- General Purpose Maintenance tools and Equipment and many more

Development Centre

As an initiative to support Make In India program, we have setup a Development Centre for innovative and indigenous products in the area of - Education & Research and System Integration
